

Decision 03-06-057 June 19, 2003

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the application of Mohsen M. Ahmed to sell and transfer his ownership of Quick Shuttle Service (PSC-14537) to Rachel Bueno and Javier Canal.

Application 03-04-009
(Filed April 7, 2003)

O P I N I O N

Summary

This decision grants the application to transfer, pursuant to Pub. Util. Code § 851 et seq., a passenger stage corporation (PSC) certificate from Mohsen M. Ahmed (Transferor), an individual, to Rachel Bueno and Javier Canal (Transferee), a partnership.

Discussion

Transferor is authorized by Decision (D.) 01-10-015 to operate as a PSC transporting persons and their baggage on an on-call basis between points in Contra Costa, Alameda, and San Francisco Counties, on the one hand, and San Francisco (SFO), Oakland (OAK), and San Jose (SJC) International Airports, on the other hand.

This application requests approval to transfer the PSC certificate of Transferor to Transferee. Partner Javier Canal will manage the day-to-day operations of the service once the sale is consummated. He has been continuously employed as a driver and dispatcher for several airport door-to-door shuttle operators since 1998.

Transferee states it has the financial ability to provide the same service to the public that Transferor has provided. Transferee's financial statement, Exhibit C of the application, discloses assets of \$633,000, liabilities of \$185,000, and net worth of \$448,000. Exhibit B of the application is a business sale agreement in which the Transferor agrees to transfer his operating rights, a vehicle, goodwill, and trade name to Transferee for \$14,000.

Notice of filing of the application appeared in the Commission's Daily Calendar on April 9, 2003.

In Resolution ALJ 176-3111 dated April 17, 2003, the Commission preliminarily categorized this application as ratesetting, and preliminarily determined that hearings were not necessary. No protest has been received. Given this status, public hearing is not necessary, and it is not necessary to alter the preliminary determinations made in Resolution ALJ 176-3111.

This is an uncontested matter in which the decision grants the relief requested. Accordingly, pursuant to Pub. Util. Code § 311(g)(2), the otherwise applicable 30-day period for public review and comment is being waived.

Assignment of Proceeding

Richard Clark is the assigned Examiner in this proceeding.

Findings of Fact

1. Transferor is operating as a PSC pursuant to D.01-10-015. Transferor requests approval to transfer his authority to Transferee.
2. The proposed transfer will not be adverse to the public interest.
3. No protest to the application has been filed.
4. A public hearing is not necessary.
5. It can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.

Conclusions of Law

1. The proposed transfer is in the public interest and should be authorized.
2. Since the matter is uncontested, the decision should be effective on the date it is signed.
3. Only the amount paid to the State for operative rights may be used in rate fixing. The State may grant any number of rights and may cancel or modify the monopoly feature of these rights at any time.
